Stacy,  
I answered your phone message. I think the confusion was Ecology combined several stormwater permits to one: WAR000314. I checked our PARIS data base and it is still active.

If you have other questions, please contact Adonia McKinzi: 360-407-0286,

Stacy,

We reorganized the inspection areas. I am not the inspector for Clallam Co. anymore. That area is now assigned to Adonia McKinzi.

Adonia – please answer Stacy’s question.

Hi Marc & Kevin,

We are trying to prep for inspections on the list and we noticed that Port of Port Angeles log yard, WAR004570 was showing up in PARIS as having an inactive permit and wanted to know if this was accurate?

Is there any additional info we should know about this site before going out?
